- Front: Adhere the (2) pieces of contrasting DSP that measure $4 \frac{1}{8} \times \frac{1}{4}$ to the small sections at both sides of your bay window.
- Next, attach the 2 DSP panels to the left and right panels. Finally, attach a purple panel to the center panel.
- Crop a label from the red glitter paper with the coordinating Bouquet of Love Dies.
- Stamp the sentiment 'Happy Valentine's Day' in Real Red classic ink onto a scrap of Basic White cardstock. Fussy cut the sentiment. Adhere with Stampin' Dimensionals to the red glitter label and the center panel with the liquid glue.
