

Shabby Chic Honeybee

One Sheet Wonder → Six Cards

1) Pencil in desired card sizes. Here I divided a 12x12 sheet of card stock into 6 panels that will make 6 cards.

2) Stamp the first image along the borders. Don't forget the outside edges. Twist and turn image and stamp off as desired. Here I used Smoky Slate ink.

3) Add additional images to "frame" each card panel. Twist and turn images and stamp-off as desired. Here I used Calypso Coral and Cinnamon Cider inks.

4) Add any focal point images. Here I added the bee image using Soft Succulent ink. Remember, these images may create a direction for the card panel, so decide on your desired "top."

5) Cut card stock down to size and emboss with your favorite embossing folder or die cut with a panel die. Here I used the Stitched Greenery panel die.

6) Put your cards together and add your finishing touches. Your one sheet wonder is
