video.

Put the 5 1/2" side at the top of your trimmer 1 3/8" from the side. Starting at the 1" mark, cut down to the 7 1/2" mark. Do the same on the opposite side. Now to score. All the score lines will be created between the cut lines except the 4 1/4" score line, score this line all the way across.

That 4 1/4" is what creates the fold for the card base.

With the 8 1/2" side at the top of your score board, score between the cut lines at 1, 1 1/2, 3, and 6. Score at the 4 1/4" mark all the way across.

****Note:** the image above is not created to dimension, it is created to show you cutting and scoring lines*

To fold and burnish start with the center section. Fold the first score line as a mountain (1"), next is a valley fold (1 1/2"), next is a mountain fold (3"), next is a valley fold (4 1/4") and the last (6") is a mountain fold. The 4 1/4" score lines on the side panels are mountain folds to finish the 5 1/2 x 4 1/4 card base.
