## Instructions

1. Cut all the cardstock layers and pieces needed as stated in the measurement guide. Cut and score the card base as stated, scoring in half. Fold in half and then fold back the first scored piece on itself to form a flap.
2. Take the panorama piece of patterned paper and use the measurement guide for the measurements of the whole piece first. Then cut the paper in two panels by cutting 3.5cm (1 ¼") off the left-hand side.

3. Adhere the white & Granite wood look piece of patterned paper onto the piece of Gray Granite cardstock that is the same size. Add liquid glue to the front of the front card flap. Add this piece to the flap leaving an even border around each edge.
4. Fold the card out and then adhere the piece of DSP you cut from the left of the panorama piece 3.5cm x 14.6cm (1 ¼" x 5 3/8") in line with the front piece that has been adhered in the previous step. Adhere the final piece on the right-hand side of the card, just next to the score line.
5. Adhere the larger piece of the Coastal Cabana diamond design DSP to the front of the card on the left-hand side, going underneath the flap.
6. On the remaining Coastal Cabana diamond design DSP piece, add the 1cm (½") strip of Gray Granite cardstock running along the long edge. Finish it off with the small strip of Glimmer Paper adhered next to it. Add some Tear N' Tape to the bottom edge of this piece and each small side to form a pocket. Adhere this to the last space on the right-hand side of the card.
7. Die cut out the 2<sup>nd</sup> to largest Stylish Shapes Circle Die from Basic White cardstock. Adhere to the front of the card as shown.
8. Hand cut around an image of the 2 birds from the Nests of Winter DSP to separate them from the large piece. Die cut the shape using the Winterly Tree Tops Dies. Adhere to the white circle using dimensionals.
9. Stamp the sentiment on Gray Granite cardstock using Copper Clay ink. Follow the video to see how to mask off any words that won't fit. Die cut the label using the die from Greetings of the Season Dies.
10. Take a 20cm piece of Natural Tones Linen Thread in Copper Clay, fold in half and thread the fold through the hole on the label. Pass the tails through the loop and pull tight. Then tie a bow, trim the ends. Add the label with dimensionals below the circle.
11. Die cut the smallest flagged shape from Stylish Shapes Dies out of Gray Granite cardstock, cut in half. Attach to the top left of the 5.2cm x 12.2cm piece of Gray Granite.
12. Stamp the garland on one corner of the 5cm x 12cm Basic White piece using Copper Clay ink. Attach the white over top of the Gray Granite piece with the flag. Tuck into the pocket on the right.
13. Place 3 Basic Gray and Smoky Slate pearls on the front of the card.

## **Panorama DSP Cutting Instructions for 6"x6" Scene from My Swap**

1. Work out the direction of your scene on the paper. You need to trim a small amount off, this could be taken from the top or the bottom depending on your scene and which part you want to use. Cut the paper either top or bottom at 14.6cm (5 3/8").

2. Now turn the paper so the top of your scene is at the top of the trimmer and cut at 6.6cm (2 7/8"), move the paper along to the left and cut at 3.5cm (1 1/4").

3. You now have 3 pieces. The first and largest piece is for the front in place of the white & granite wood used above. The other 2 are placed inside the card as per step 4 above.
4. Use the measurements for the Coastal Cabana Diamond shape DSP for the Lost Lagoon pieces embossed using Changing Leaves Embossing Folder.
5. The card base pieces are Basic Beige as well as the pull out note piece and flag shape.
6. Die cut leaves from Textured Floral Dies in Mossy Meadow, Wild Wheat and Highland Heather Glimmer.
7. Stamp the sentiment on Basic Beige in Mossy Meadow ink. Use natural Linen Thread for the bow.
8. Place 3 Adhesive-Backed Dragonflies & Birds on the front.
