Peach Pie Cardstock	1	3.5cm x 2.2cm	1 3/8" x 1"

## Instructions

1. Die cut the window from the Basic White layer. Then emboss using the snowflake 3D embossing folder.
2. Place the square of Basic White behind the die cut window. Mark with a pencil where the window will be visible. Stamp the snowflakes within the pencil marks using VersaMark ink, cover with white embossing powder. Tap off the excess and heat to set. Rub out the pencil lines.
3. With Peach Pie and Petunia Pop ink and blending brushes, blend the ink over the embossed snowflakes and up to the edges of the square of card. Blend the line between the 2 colours to make a lovely, blended version of the 2 colours. Wipe the embossed snowflakes with a tissue to remove any ink on the embossed images.
4. Adhere the blended piece behind the window.

5. Take the 2 strips of Basic White and tear towards you. Create 2 different tear lines so they will layer together.
6. Choose which part of the strips you will use and trim to 10.5cm wide. Stamp the sentiment using Early Espresso ink on the strip that will appear in front of the other one.
7. Layer the pieces together with adhesive and add to the card front. Adhere the whole card front to the card base using dimensionals.
8. Stamp the deer using Early Espresso ink onto Crumb Cake cardstock. Colour using Pecan Pie, Dark Flirty Flamingo Blends and the colour lifter. Die cut the deer image with the corresponding dies and finish with Wink of Stella.
9. Adhere to the front of the card using dimensionals and place so they are standing on the ripped strips of 'snow'.
10. Die cut 2 bells from Peach pie cardstock. Adhere to the top right of the die cut window using dimensionals. Add a bow made from Linen Thread.
11. Place 3 Pecan & Clear Ribbonded Adhesive-Backed Dots.
12. Stamp the single reindeer on a Basic White inner using Early Espresso Ink and adhere inside the card.
