Pattern from Brenda Paul

## Measurements

Paper	Number of Pieces	Metric Measurement	Imperial Measurement
Real Red Cardstock	1	21cm x 25cm scored with the 25cm edge at the top at 2.4, 5, 6, 7 & 21cm  Turn and score the 21cm side at 3.3, 6.6, 9.9, 13.2, 16.5 & 19.8cm	8" x 10" scored with the 10" edge at the top at 1", 2", 2 1/2", 3" & 8 3/4"  Turn and score the 8" side at 1 1/4", 2 1/2", 3 3/4", 5", 6 1/4" & 7 1/2"
Reindeer Days DSP	6	2.8cm x 13.6cm	1" x 5 1/4"
Basic White Cardstock	1 1	7cm x 10cm	
Silver Threaded Twine	1	39cm	15.5"

## Instructions

1. Cut and score the cardstock as per the dimensions in the cutting guide above. Use the diagram above for reference.
2. Trim away the corners where it says remove on the diagram above. Fold and burnish the scorelines, all are mountain folds except the 4<sup>th</sup> from the left is a valley fold.
3. Fold the valley fold so the valley edge is facing you and the rest of the piece is flat. At the intersection of the score lines punch out a small half circle. Use the diagram above for reference.
4. Fold the first scoreline on the left over the next section to the right and glue into place, this forms the top.
5. Put glue on the remaining tabs in the part where you removed the 2 sections in step 2. Fold the other side of the cardstock over to meet this so a hexagon cylinder shape is created.
6. Attach the DSP to each section, moving around in order so the pattern continues around the holder.
7. Locate the join and turn to the back, start threading the twine through the holes so you end up with the tails together at the front. If using a bottle put it into the holder now. Pull as tight as you can without ripping the cardstock and tie a bow.
8. Die-cut a Basic White circle using the middle size Stylish Shapes Die. Stamp Merry Christmas using Real Red ink and the stamp from Humble Home.
9. Die-cut or fussy cut a reindeer from the Reindeer Days DSP. Adhere to the circle using dimensionals. Adhere to the holder using liquid glue.
