Front square: Whisper white 7.4 x 7.4 cm

Strip: Whisper White 21 x 7 cm (use off cuts if you have them)

Envelope C6 size.

Instructions

- The card base is stamped tone on tone with Poppy Parade ink - whilst you have it inked up stamp envelope flap so it coordinates. You will also need to stamp the extra berries for your card on either off cuts or your white strip.

- Stamp your 2 decorations - I have used Poppy Parade for the smaller one and Mango Melody for the larger. Note there's 2 different larger ornaments and either work nicely.
- Stamp the Holly in Shaded Spruce on your strip of card. The holly leaves are also used to on the inside piece but I was careful to only get the leaves that way I didn't need to add the red berries.

- I then took my aqua painter with only a small amount of water since Whisper White is not really a fan of being wet, and pushed the ink around for a watery look. I did this to both the leaves and the berries.
- I then fussy cut the holly and red berries out. Why not cut first you ask - well if you make one to wet and it's not that nice looking you don't need to cut it out.
- Adhere the berries to the spot where they are stamped on our green water coloured leaves.
- Stamp the sentiment in the bottom right corner of your square piece and another holly in the top left.

- To put this together stick your white square closer to the opening side of the card leaving room for the ornaments and holly to use up some space on the other side. The top holly is all that has dimensionals under it.
