

Bright Pink Bouquet of Hope Fundraiser – Craft for a Cause with Julia Mazur

We lost my sister Lucy to breast cancer last February. She was a talented artist and very crafty. We loved to craft together and share crafting ideas. When the ***Bouquet of Hope February Paper Pumpkin Kit*** was revealed, it was the perfect opportunity to offer this kit as a fundraising event for Bright Pink. I learned about [Bright Pink](#) through my fraternity [Zeta Tau Alpha's philanthropy](#) as we partner to educate our communities about breast cancer prevention and early detection.

The kit's exclusive *Bouquet of Hope Stamp Set* features **supportive sentiments** centered around comfort, care, hope, and love. Such a versatile stamp set can be used throughout the year. We all know someone who could use a heartfelt, handmade card that gives strength during a difficult time. Hand made by you is even better!

The Bouquet of Hope kit provides supplies to create **nine cards** and coordinating envelopes. It's an **all-inclusive** kit with patterned card bases, die-cut floral elements, ribbon, embellishments, a stamp set, ink spot, adhesives, clear acrylic block and envelopes. You'll also get a Zoom link from me to create the kit along with me and others during a **Zoom Make and Take Party!** If you can't make the Zoom party, directions included in the kit and a YouTube video will be provided.

Sign up for the **Bouquet of Hope kit** by visiting: [my Paper Pumpkin page](#). Subscribe for \$22 (shipping included). Please Note: Sign up to receive this kit ends on **February 10th**. Supplies may be limited toward the end of the subscription period. So subscribe right after you read through this message!
