- ✦ [Confetti Flowers Border Punch \(152723\)](#)

## You will need:

- ✦ Basic craft kit including scissors, adhesives and dimensionals
- ✦ A paper trimmer
- ✦ A means of scoring - either with your trimmer or a score board
- ✦ Greeting stamps and black ink pad

## Measurements

- ◆ Card base cut lengthways, 10.5cm x 29.7cm, scored at 14.8cm
- ◆ Door panel, 6cm x 21cm
- ◆ DSP design 1: 10cm x 8cm
- ◆ DSP design 2: two pieces 5.7cm x 4.8cm
- ◆ Basic Black cardstock, 6.5cm x 9cm
- ◆ Whisper White cardstock, 5.7cm x 8.2cm
- ◆ Whisper White cardstock, 10cm x 14.3cm

## Instructions

1. Cut 6cm from the front of the card base and set this piece aside for later.
2. Take your door panel piece and score at 5.2cm from either end, to leave a 10.5cm panel in the centre. Fit this around the back of your card base; you may need to trim the card base slightly to enable it to fit snugly without puckering.
3. Ensure the front flap of the card also fits snugly; you may need to trim this very slightly so it doesn't overlap the front doors.
4. Take the larger piece of DSP and check its fit on the front flap. Trim if required then adhere.
5. Take the two smaller pieces of DSP and check their fit on the front doors. Trim if required then adhere.
6. Take the piece you cut off the card front and trim to 6cm x 8.5cm. Stamp your greeting onto the smaller white piece and layer this on top. Layer both pieces onto your Basic Black piece.
7. Arrange your die-cut leaves and stick to the top flap only, then pop up the greeting layer on top. Embellish with punched flowers and rhinestones.
8. Use any leftover DSP to create a decorative strip on the remaining large Whisper White panel and stick inside the card.
